PROFESSIONAL SUMMARY

Computer Science and Engineering student seeking an entry-level Software Developer role, with working skills in Python, HTML, CSS, JavaScript, and Django. Built a full digital restaurant-ordering system end-to-end, covering customer ordering, real-time kitchen updates, and admin management. Comfortable picking up new tools quickly, with basic exposure to IoT and Raspberry Pi, and eager to grow within a team-driven engineering environment.

EDUCATION

B.E. Computer Science Engineering — Adhiparasakthi Engineering College (2027) |CGPA: 7.8%

HSC — Walter Scudder Hr Sec School, Tindivanam (2023) |66.67%

SSLC — Walter Scudder Hr Sec School, Tindivanam (2021)

TECHNICAL SKILLS

Languages: Python, Java, C, SQL, JavaScript

Frameworks: Django, Flask, HTML, CSS

Tools: MySQL, Git/GitHub, scikit-learn

Core: REST APIs, CI/CD, Full-Stack, Data Analysis

SOFT SKILLS

Communication • Teamwork • Adaptability • Problem-Solving • Time Management

EXPERIENCE

AI Intern — Novalis Infotech

Developed and evaluated 3 supervised ML models using scikit-learn and successfully delivered 5 AI tasks and mini-projects within scheduled deadlines.

PROJECT

Inventory Management System

Developed a web-based Inventory Management System to efficiently manage products, stock levels, suppliers, and inventory records. Implemented CRUD operations, user-friendly interfaces, and database integration to streamline stock tracking and management.

CERTIFICATIONS

Certificate of Participation | IIC Hackathon

Python Full Stack Development | Novalis Infotech

Software/Web Development Training | Prompt Infotech

IT Training / Internship | VEI Technologies

ACHIEVEMENTS

Participated in hackathons and collaborated in team-based problem solving events.

Participated in technical and non-technical symposiums and presented innovative ideas.

HOBBIES

Gaming • Watching Movies • Playing • Listening Music
